SUPER 6PJ-VC CAN, PAIL & AEROSOL CRUSHER

pierces, drains, crushes and ejects Cans, Pails and Aerosols.

Cans are Empty by EPA Definition

No need to remove lids!

The **SUPER 6PJ-VC** offers features not found anywhere else in the industry. **Captures** VOC's and propellants, keeps them out of the work area environment. Eliminates need for respirators. **Compact** design to save valuable floor space. With the proven reliability of our SUPER 6PJ and the addition of the **Vapor Collection System**, TeeMark offers a **Complete Package** at an economical price.

Captures VOC's, Propellants, and Vapors. **Safe, Explosion Proof** - Units will not operate with door open. These crushers are completely explosion proof with self-contained explosion proof controls and power supplies. They are suitable for use with solvent based paints, aerosols propellants, and other flammable liquids. **Results!** The TeeMark **Super 6PJ-VC** pierces, empties, crushes, and ejects up to 180 containers per hour. The Vapor Collection System collects the gases from the crushing chamber and collection drums and delivers it to a 5" duct.

TeeMark Super 6 PJ-VC Specifications

POWER SYSTEM ALTERNATIVES 1-1/2hp 230 v 1ph 10a w/ starter, 12/20 second cycle time 5hp 208-230/460v 3ph, 13.2/6.5a 15 second cycle time Explosion Proof Class 1, Div 1 & 2 Group D	CRUSHING FORCE 30,000 lbs CYCLE TIME 12 TO 20 seconds MACHINE DIMENSIONS 55"w X 72"d X 107"h CRUSHING CHAMBER 16"w X 16"d X 18"h SHIPPING WEIGHT 2000 LBS AIR REQUIREMENTS 5cfm @ 80psi	COLLECTION SYSTEM 1hp, 230v, 1ph 6 amp 1hp, 230/460v, 3ph 3.7/1.8 amp dedicated circuit Explosion proof motor and motor controls. Moves up to 500 cfm of air Exhausts through a 5" duct
--	--	--

CRUSHER STAND provides 35" of clearance for a 55-gallon drum. **LIQUID COLLECT CAPABILITY** liquids that are squeezed from containers are collected in a 55-gallon Drum or in a Tote. **PERMANENT, TOTAL ENCLOSURE** blower pulls VOCs, propellants, and vapors from crushing compartment, crushed Can collection Drum and liquid collection Drum. **AUTOMATIC EJECTION!** The Super 6PJ-VC automatically ejects crushed containers out of crusher and into a collection devise. **CRUSHING FORCE OF 30,000 LBS** Crushes steel containers so you can put up to 15 crushed cans in the space required by a whole can. **Optional Carbon Filtration** is available to further process VOCs

Warranty: 6 month limited on materials and workmanship
